# Ellesmere College - Scholarships & Awards

Ellesmere College was built by passionate philanthropists and has a long tradition of recognising talent and supporting students with a wide variety of scholarships, exhibitions and awards - in addition, means-tested bursaries can be offered to further supplement these awards.

We encourage all applicants to consider Ellesmere and we do our best to admit and support a wide variety of students from many diverse backgrounds with a broad range of Scholarships that are available for students to apply for in conjunction with ability assessments.

## All-Rounder

An All-Rounder Award holder will normally be above average academically, and where the talents to be recognised are also rewarded through other categories of award (Music, Academic, Sport, Art). These Awards are worth up to a maximum of 25% of the school fees.

## Arts

Art Awards are worth up to a maximum of 25% remission of the school fees. Art Exhibitions are awarded annually on the basis of the submission or a portfolio of work and an interview with the Head of Art.

## Drama

Drama Awards are awarded annually based on an audition at the College, a report or recommendation from the current school or arts organisation and meeting the school's academic criteria for entry. The award may be up to a maximum of 25% of school fees.

## Schulze Organ

The Schulze Organ Award is reserved for Sixth Form candidates only; talented organists at other ages will be considered through the College's normal Music Award arrangements. The scholarship is to the value of 50% of fees.

## Music

Music Scholarships entitle the Award holder to a fee reduction up to a maximum of 50% of school fees.

Music Exhibitions entitle the Award holder to a fee reduction of up to a maximum of 25% of school fees.

Music awards are made based on an audition at the College, a report or recommendation from the current school or music organisation and meeting the College's academic entry criteria. Auditions take place in late January or early February each year.

## Sport

To be considered for a Sports Award a candidate would need to be performing at the equivalent of one level above County standard, where such a hierarchy exists. For the purposes of tennis and swimming, the national ranking and rating systems are used. Sports Awards may be up to a maximum of 50% of school fees, although entrants below Sixth Form level are unlikely to receive merit awards higher than 25% of school fees.

## Woodard Award (Closed Award)

Funds have been reserved by the Governors to allow the College to offer Sixth Form scholarships to pupils from maintained schools affiliated to the Woodard Corporation, most particularly the Bishop of Hereford's Bluecoat School. These funds may also be accessed by pupils studying at other Woodard Schools. The successful candidate will show considerable academic promise or a combination of sound academic performance and a talent in at least one other area of school life such as sport, music or drama.

## Woodard Foundation Award (Closed Award)

Funds have been reserved by the Governors to allow the College to offer up to four means-tested awards for day pupils in the Sixth Form. It is a condition of these awards that students should have previously attended local maintained schools to GCSE level. For the purposes of these awards "local" is defined as the area bounded by and including Shrewsbury, Chester, Oswestry and Whitchurch. The primary factor in determining receipt of these awards will be academic prowess.
