

November 2023

Dear Parent,

**Ellesmere College have registered to take part in this year's Nightingale House Hospice - Rudolph Run! (Kindly Sponsored by Excell Supply)**

**Date of Event: Monday 27th November 2023**

The College will be grabbing their antlers and jumping into the festive spirit to raise money for Nightingale House Hospice, by holding their very own Rudolph Run!

Nightingale House offers special palliative care and family support services free of charge to those in our community living with a life-limiting illness. This care is provided 24 hours per day, 7 days per week, 365 days per year. Additionally, Nightingale House Hospice also offers free child bereavement services to children in Northeast Wales who have lost a loved one, regardless as to whether they have a prior connection to the hospice. In 2023 it will cost over £4.5 million to fund these services, equating to £12,568 per day.

We usually ask each pupil taking part in this festive fundraiser to raise or donate a minimum of £2.50 each. In return for this donation, they will receive their very own pair of Rudolph antlers to run in and keep! Obviously this has the potential to raise more, however we would encourage every participant to just raise or donate as much as they are able to.

Nightingale House have also provided Sponsorship forms for each participant and posters to display.

Once the College has completed their run and let us know, they will receive a personalised certificate to thank them for their support and to celebrate their success!

If you have any questions about the event, please do not hesitate to contact Nightingale House Hospice on 01978 314292 or contact the College directly.

It is because of events like the Rudolph Run that Nightingale House can continue to provide the vital care to those within our community who need it the most.

So, thank you in advance for your support. It really is much appreciated.

Kindest regards,

Delyth Underwood
