25th October 2023

Dear Parent,

I am happy to announce that we have 70 tickets available to take our science students to see GCSE Science Live lectures in Manchester.

The date for this trip is Thursday 25th January 2024. The trip would be a day trip to Manchester leaving at 8.30am and returning in time for the buses at the end of the day. The primary purpose of the lectures will be to provide students with a chance to hear from some of the best scientists who are working at the cutting edge of their specialism and also hear from examiners on how to improve their GCSE science results. This is a voluntary trip for those who have a passion for science and want to find out more about where it could take them in the future.

The cost of the trip is approximately £35, depending upon numbers, which will be added to the end of term account. This includes transport costs, the ticket cost for the venue and a school packed lunch. School uniform must be worn, good standards of behaviour are expected and school rules will apply all day. Also, writing equipment and a small notebook are advisable for them to make notes with.

If you would like your child to be considered for a place on the trip please complete and return the reply slip below to myself by Friday 10th November. If we happen to have more than 70 students wanting to attend, they will be selected on a first come first served basis. Please return the signed slip to myself via email or in person.

Should you require any further information, please do not hesitate to contact me at your convenience.

Yours sincerely,

Ellesmere College, Ellesmere, Shropshire SY12 9AB
