20th May 2022

Dear Parent,

STEM Alton Towers Theme Park Visit - Friday 24th June 2022

As part of our STEM programme at Ellesmere College, we encourage students to look at the applications to the theory covered in school. To this end, students will be given the opportunity to investigate and collect data on rides at Alton Towers theme park. Year 10 and Year 12 will both have to complete activities based around their GCSE and A level work. This will enhance their practical skills and be a great opportunity for our students to see practical applications in a real-life setting. It will also be good preparation for the STEM challenges at the end of the year.

The price of the trip is £24 which includes coach travel and entry into the park. Lunches will be provided by the College, but students should bring extra money should they wish to purchase anything extra whilst at the park.

The coaches will be leaving the school at 8.30am and we will be returning to school around 5.15pm. Students will be put into groups and will have to meet staff at certain times of the day to check in with them. Otherwise, students will be free to explore the park and complete their set activities.

If you would like for your child to attend this trip, please can you fill in the reply slip below and return it by Friday 10th June.

Yours sincerely,

Ellesmere College, Ellesmere, Shropshire SY12 9AB
